### **DETAILED ACTION**

1. Applicant's response filed on 11/20/2006 has been fully considered. The claim objection has been withdrawn in view of Applicant's amendment. Claims 1, 5 and 10 are amended, claims 8, 9 and 14 are canceled, and claims 1-7 and 10-13 are pending. (NOTE: Claims 10-13 are withdrawn from consideration as non-elected invention).

### ***Claim Rejections - 35 USC § 102***

2. Claims 1-7 are rejected under 35 U.S.C. 102(e) as being anticipated by Sumioka et al. (US 2003/0072923 A1).
3. Sumioka discloses an ink jet recording material comprising a support and an ink receptive layer on the support (abstract). The ink receptive layer comprises inorganic particles such as silica, alumina and alumina hydrate [0017], a binder such as polyvinyl alcohol [0023] and a compound of formula II [0033]. The compound of formula II is equivalent to the claimed non-polymeric compound. For example, compounds 31-33, 37 and 44 are equivalent to the claimed non-polymeric compound.

### ***Response to Arguments***

4. Applicant's argument is based on that claim 1 is amended to exclude the compounds described in Sumioka. This argument is not persuasive because the reference of Sumioka still teaches the claimed non-polymeric compound. As one example see the following compound in the reference:

wherein

R<sup>13</sup> = R<sup>14</sup> = R<sup>15</sup> = hydrogen; and

R<sup>11</sup> and R<sup>12</sup> form a heterocyclic ring by bonding to each other [0034]. Thus claims 1-7 stand rejected.

### ***Conclusion***

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

6. A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
